

WEST UNIVERSITY SOFTBALL ASSOCIATION

HAVING FUN AND BUILDING CHARACTER
ONE PITCH AT A TIME

WEST UNIVERSITY SOFTBALL ASSOCIATION

BACKGROUND:

WUSA started in 1978 with fewer than 100 players. Over the years, the league has grown substantially and WUSA's reach has expanded beyond its original geographic roots. WUSA is the largest softball organization in the US with over 1,000 girls enrolled (Spring 2025) ranging in age from 5 to 15 years old. Although most of our girls live in the West University/Bellaire area, our league welcomes girls from all Houston areas.

OUR MISSION:

WUSA is a neighborhood organization created to support and promote girls' softball. We provide recreational leagues in the spring and fall as well as competitive tournament teams to build athletic skills, self-esteem, and life-long friendships for our players. Our priorities are safety, fun, skill developments and winning, in that order. We partner with local governments, other youth sports associations, and community organizations to achieve our

goals. WUSA promotes sportsmanship and teamwork among coaches and players and strives to balance competition with participation, recognizing that both are important factors for athletic and character development.

OUR FACILITIES:

WUSA maintains 13 softball fields around the West University / Bellaire area. Our main campus (South Campus), located just South of 610 Loop between Stella Link and Main, was built in 2008 and started with three fields. Since then, we've added and expanded concessions space, shade structures, batting cages, paved concrete parking lots and added two additional fields (for a total of 5) and most recently a 90' x 90' covered Hitting and Fielding Pavilion with up to 12 batting cage lanes. Our campus hosts numerous softball tournaments and has regulation field sizes suitable for high school and college games. We currently provide field space to the University of St. Thomas, Presbyterian School of Houston as well as Emory/Weiner School. Other WUSA field space is located at West University Elementary School (3 fields), Pershing Middle School (1 field), McGovern Park (1 field), and Bayland Park (3 fields).

SPONSORSHIP AND RECOGNITION:

100% of sponsorships and donations are directed back into the league which has a material impact on our operating budget. WUSA is staffed entirely by volunteers: board members, auxiliary board, and parents and friends of the league. We achieve 100% parent-volunteer participation, including coaching, concessions operations, fundraisers, and managing all administrative aspects of the organization.

WEST UNIVERSITY SOFTBALL ASSOCIATION

WEST UNIVERSITY SOFTBALL ASSOCIATION

WUSA 2025-2026 Capital Improvement Campaign

****FINAL DONORS DRIVE****

Opened 8/27/2025, this 90' x 90' covered Hitting & Fielding Pavilion is the latest addition to the WUSA assets. This facility has modular netting allowing the space to be completely open to run infield practice or sectioned off for up to 12 hitting lanes.

There are some final touches to complete to outfit the space with equipment such as hitting mats, screens and pitching machines. Donors will be recognized on a permanent donor wall located at the pavilion

Help us dress out this amazing new asset for WUSA.
